

Ship My Tri Bike by Nirvana Europe

Transporting your bike fully assembled from anywhere in the UK & Ireland to your triathlon race

Ship My Tri Bike by Nirvana Europe offers quite simply the market leading triathlon bike transportation service, eliminating the worry and stress of transporting your bike, leaving you free to concentrate on your race preparation.

Transporting your bike fully assembled, removes the stress and hassle there is to disassemble and reassemble your bike before and after the event, and as your bike will be professionally racked in our vehicles, there is no need to adjust any of your personal bike measurements.

For all 2018 events, we offer two highly flexible and convenient services to choose from:

- **Standard Bike Delivery (from 1 of over 40 locations in the UK & Ireland)**
- **D2D Bike Delivery (from your nominated address in the UK and Ireland)**

Using a fleet of custom designed and adapted vehicles, your fully assembled bike will be professionally racked during transportation at the front fork, frame and rear wheel, with your front wheel placed in a protective wheel bag. The design and concept of the vehicles are based on pro cycling teams' method of transporting bikes.

Included within the service we will transport a small kit bag for you, to allow you to include your wetsuit, bike shoes, helmet, CO2 canisters, nutrition, or anything else you would like us to transport.

Furthermore, your bike is fully insured up to the value of €3000. For UK residents only, should you wish to increase your cover, our cycle insurance partner Yellow Jersey offer cover up to £15,000. Please follow this link: [Yellow Jersey Cycle Insurance](#)

Standard Bike Delivery (from 1 of over 40 locations in the UK & Ireland)

Ship My Tri Bike by Nirvana Europe's Standard Service transports your bike, fully assembled, from 1 of our multiple **DROP-OFF & PICK-UP LOCATIONS** throughout the UK and Ireland.

How it Works

- Your bike will be collected from your chosen location on the weekend (Thursday to Sunday) prior to your race and will be delivered to you 3 days before your race at the event destination. We will meet you directly at your chosen location at your allocated time and date, with your bike loaded on to our professionally racked vehicles. These locations are meeting points, you are expected to meet us with your bike. If you require leaving your bike in advance you must arrange this with the store, it is at the stores discretion and store opening times must meet with our schedule.

- You or a named person will be able to drop off your bike in the UK & Ireland, and collect your bike at the event destination.

- When you drop off your bike in the UK & Ireland, and after your race, we will provide identification tags/labels to attach to your bike and provide you with a receipt. When collecting your bike (at the event or in the UK & Ireland post-race) you will need to show your receipt and personal identification (e.g. passport or driving licence).

- For delivery back to the UK & Ireland, we will collect your bike from the event destination on the evening of the event when you exit transition, or on the morning after your race. Your bike will be returned to you on the weekend (Thursday to Sunday) after your race

- Full service information for UK & Ireland drop off, and collection details at the event, and UK & Ireland collection details post-race, will be provided to you by email, 2 weeks before bike collection in the UK.
